## MESSAGE FROM THE PRINCIPAL'S DESK

“Education is the most powerful weapon which you can use to change the world”

- (Nelson Mandela)

Dear students,

It gives me immense pleasure to welcome all students of Undergraduate courses to academic session 2020-21. Sree Chaitanya College, Habra is not only devoted to excellence in teaching, learning and research but also relentlessly trying to push the boundaries of knowledge. For us knowledge is not mere information but wisdom to equip life with tools to face challenges of future. In this era of cut throat competition, it is of paramount importance to be equipped with appropriate knowledge, habits, attitudes and values leading to holistic development. Co-curricular and extra-curricular activities organised by various clubs and societies facilitate the process of creative and critical thinking. They not only inculcate social and moral values, compassion for nature, pride for Indian culture and tradition and awareness for one's rights and duties but also make students good human beings and confident leaders. I intently believe that you would develop versatile personality during your stay in this temple of learning.

I feel proud to acknowledge the contribution of highly qualified, dynamic and multi-talented faculty, non teaching staff and my students for this. We have to continue to move ahead for producing and maintaining the best. Our teachers work hard throughout the year with the students to provide them high quality educational experience in the form of debates, group discussions, workshops, symposia, seminars and cultural competitions. Eminent personalities are invited from all walks of life to address our students and expose them to new ideas and thoughts. I encourage all students to take advantage of the opportunities provided by the college and involve themselves in all the extra-curricular activities that are offered. The overall development of the mind and body is a sign of a healthy and complete development. We aim to evaluate our students on the basis of their physical, mental, social, emotional and intellectual development.

Once again, I, on behalf of Sree Chaitanya College family welcome all the students and wish you all the best for achieving greater success and scaling new heights in the coming session.

With blessings and warm wishes,

.....  
**Dr. Indramohan Mandal**  
Principal

## **ABOUT US**

### **THE LEGACY**

Sree Chaitanya College, Habra occupies a very distinguished status in the higher education map of the district of North 24 Parganas, as well as of the state of West Bengal. The institution overlooking Jessore Road (NH 35), is about 40 km from Kolkata. The college was established in 1956, primarily to cater the need of the thousands of helpless youth who, owing to partition of the country was forced to settle almost as paupers in this part of the state but had nourished deep in their hearts an inextinguishable urge to pursue higher education to overcome their present miseries.

But their dream would have never been realized without the initiative of the Habra Siksha Parishad and kind patronage of Government of West Bengal under the legendary Chief Minister, the late Dr. Bidhan Chandra Roy. However the project was given a proper shape by the youngest minister in the Roy- Cabinet, the late Tarun Kanti Ghosh, who was also an MLA from Habra. Ghosh patronized the foundation of the College with a donation of Rupees Fifty Thousand and became the first president of the Governing Body of the College (1956-67).

As time rolled on, the college grew into a giant academic institution with Honours Departments in Arts and Science subjects. The College has always been blessed with a bunch of teachers with brilliant academic career and a band of dedicated non-teaching staff, including librarians. The hard work of the whole of the college staff has helped in producing generations of excellent students with very good academic results, many of whom have become University toppers. Many of our former students have been very successful in life as school/college/university teachers, researchers in renowned institutions in India and abroad, bureaucrats and technocrats in government services or business corporations, journalists, authors and theatre personalities of repute.

### **THE COLLEGE NOW**

From 2008 with the foundation of the West Bengal State University (WBSU), the College came to be affiliated to it, with effect from the academic session 2008-09. We offer 14 courses in Honours subjects and 17 courses in General subjects according to syllabi framed by WBSU and respective Boards of Studies (BOS). Here, it would be appropriate to mention that for last few years, we have also introduced Post Graduate (PG) courses in Bengali, Chemistry and Anthropology with huge response from the students. In these courses the College has its own PG-BOS, which frame their own respective syllabus and thus contribute to the development of higher education. Besides regular courses, we also offer distance education courses both at the UG and PG levels as a unit of Netaji Subhas Open University (NSOU).

The regular UG courses are of three years which a student must complete with a maximum span of five years as per Univeristy regulations. Students enjoy freedom to switch over to a new subject of stream within three months from the day of admission according to merit list and subject to the availability seats. They are admitted to Honours Courses purely on the basis of results in the Higher Secondary and equivalent examinations. Seats are reserved for students from SC/ST/OBC background as per rule.

It should be seriously noted that the college observes and maintains strict discipline with respect to attendance in classes because we firmly believe that there is no alternative to classroom teaching.

The Science Departments are well equipped with most updated laboratories and scientific instruments. Most of the Departments have their computers with internet facilities and some science departments have Computer Laboratories. A dedicated Academic Calendar showing the allotment and workload, time frame and internal examinations schedule, is made at the beginning of each session. Classroom teaching is supplemented by (i) occasional holding of Seminar-lectures on particular topics, (ii) arrangements of lectures by students, (iii) publications of Departmental journals as well as wall magazines, (iv) educational tours and (v) special lectures by eminent teachers of other colleges. The college runs a students' hostel for boys, especially catering to the residential needs for students coming from distant places. The college also follows the RTI Acts, and has setup a Publication Information Cell. Moreover the college has huge treasure of valuable references as well as text books kept in the Central Library and Departmental Libraries.

We firmly believe in an all-round development of our students. We encourage them to seriously take up co-curricular and extra-curricular activities along with academics. We have more than one playground, an open-air theatre and one auditorium. Besides these there are separate well equipped gymnasiums for boys and girls. We also provide several indoor games facilities for boys and girls. The elected Students' Union organizes annual sports, cultural programmes and various social welfare activities and also helps to develop and maintain ideal and healthy student-teacher relationship.

In the wake of the pandemic caused by the spread of the novel corona virus human lives and living has been put on an anvil of grave uncertainty. Humanity needs to come closer to one another in the face of such an unprecedented crisis. Man needs to put mental health and well-being of oneself and those around him/her above everything else. Prolonged phases of intermittent lockdowns, economic and psychological crisis that followed it also saw closure of schools and colleges, and vital examinations being cancelled often to the discomfiture of many students and guardians alike. Hoping sincerely that things would take a positive turn in the near future, and normal life would be restored soon, the college, its administration, the IQAC, NSS, NCC such major wings, and the various departments of the college, other cells and clubs, have been extremely active and receptive in finding out ways to not just stay in touch with the students, do necessary counseling, disseminate necessary Government messages/instructions on the pandemic from time to time, but also find ways to conduct online classes over several digital and virtual platforms. Necessary study materials too are transmitted even in the wake of such unpreparedness for the benefit of the students. Online exams too have been conducted. Several webinars, online poster writing competition, creative writing, essay writing, and photography competitions too have been conducted to engage the students in various ways and boost their confidence.

The National Cadet Corps (NCC) as the Indian military cadet corps was formed in 1948 and its Headquarter is at New Delhi, India. It is primarily open to school and college students on voluntary basis. It is a Tri-Services organization, comprising the Army, Navy and Air Force. It is a voluntary organization which recruits cadets from schools, colleges and universities all over India and the cadets are given basic military training in arms and parades. The cadets are offered with A, B and C certificates after completion of their course accordingly and have a bright prospectus to enter into defence services. They are generally given special preference over normal candidates during selections or recruitment of defence services. The main motto of NCC is “**Unity and Discipline**” and living up to this motto, it strives to be one of the greatest cohesive forces of the nation, bringing together the youth hailing from different parts of the country, molding them into united, secular and disciplined citizens of the nation. Its aim stands at developing discipline, character, and brotherhood, the spirit of adventure and ideals of selfless service amongst young citizens and enlighten leadership qualities among them who will serve the Nation.

The overall aim of National Service Scheme as envisaged earlier, is to give an extensive dimension to the higher education system and orient the student youth to community service while they are studying in educational institution. The reason for the

formulation of this objective is the general realization that the college and +2 level students have a tendency to get alienated from the village/slum masses which constitute the majority of the population of the country. Each student volunteer devotes 120 hours in one academic year. The Motto of National Service Scheme is "**NOT ME BUT YOU**", reflects the essence of democratic living and upholds the need for self-less service. NSS helps the students develop appreciation to other person's point of view and also show consideration to other living beings. The philosophy of the NSS underlines on the belief that the welfare of an individual is ultimately dependent on the welfare of the society on the whole and therefore, the NSS volunteers shall strive for the well-being of the society.
